SUPPLEMENTS

No. 15—The Constitution (Amendment) Bill, 2004.

Statutory Instrument

No. 38—The External Trade (Prohibition of Importation of Certain Batteries) (Amendment) (No. 2) Order, 2004.

General Notice No. 223 of 2004.

THE UGANDA NATIONAL BUREAU OF STANDARDS ACT, 1983

(Act No. 1 of 1983, Section 18)

COMPULSORY STANDARDS DECLARATION
NOTICE

IN ACCORDANCE with section 17 of the Uganda National Bureau of Standards (UNBS) Act, 1983, the Minister for Tourism, Trade and Industry on the recommendation of the National Standards Council hereby declares compulsory standards in respect of the underlisted.

AGRICULTURAL AND FOOD STANDARDS

- US 45:2003—General standard for food additives**
Scope: This Uganda Standard lists the food additives which have been evaluated by the Joint FAO/WHO Expert Committee on Food Additives (JECFA) and found acceptable for use in foods.
- US 48:2003—Specification for imitation soft drinks**
Scope: This Uganda Standard prescribes the requirements and methods of test for imitation soft drinks. This standard covers imitation drink made from natural, identical or synthetic colourings, flavourings, emulsions, water, sugar and other optional ingredients or mixtures thereof.
- US 500:2003—General requirements for nutrition labelling of food**
Scope: This Uganda Standard specifies general requirements for nutrition labeling of foods. The requirements apply to nutrition labeling of all foods.
- US 508:2003—General requirements for nutrition and health claims for food**
Scope: This Uganda Standard specifies general requirements related to claims made for food irrespective of whether or not the food is covered by an individual Uganda Standard.
- US 509 2003—Specification for fortified milled maize products**
Scope: This Standard applies to fortified maize flour, fortified whole maize meal, and fortified degermed

maize meal prepared from kernels of common maize, Zea mays L and intended for human consumption. It does not apply to maize or other maize products for which other standards apply.

- US 510 :2003—Specification for fortified sugar**
Scope: This Uganda Standard specifies requirements for fortified sugar intended for human consumption. It applies to fortified plantation or mill-white sugar and fortified refined sugar. It does not apply to other types of sugar for which other standards do apply.
 - US 511: 2003—Specification for fortified edible fats and oils**
Scope: This Uganda Standard prescribes the requirements for fortified edible fats and oils intended for human consumption.
 - US 208:2003—Specification for fortified wine**
Scope: This Uganda Standard prescribes the requirements and methods of test for fortified wines.
 - US 209:2003—Specification for sparkling wine**
Scope: This Uganda Standard specifies the requirements and methods of test for sparkling wines. It covers red sparkling wines, white sparkling wines and rose sparkling wines.
 - US 210:2003—Specification for still table wine**
Scope: This Uganda Standard prescribes the requirements and methods of test for still table wine.
- BUILDING AND CONSTRUCTION STANDARDS**
- US 306:2003—Specification for standard sand**
Scope: This Uganda Standard specifies the source, preparation and properties of standard sand to be used with a standard coarse aggregate for making concrete prisms used for testing cement.
 - US 310:2002—Cement-Part 1 Composition, specifications and conformity criteria for common cements Amendment**
For amendment of the designation of normal setting cement with letter N
Scope: This Uganda Standard specifies the properties of the constituents of common cement and the proportions in which they are to be combined to produce arrange of types, compositions and strengths classes of cement.
 - US 317:2003—Hydraulic road binders**
Composition, specification and conformity criteria
Scope: This Uganda Standards specifies properties of the constituents of common cements and proportions in which they are to be combined to produce a range of types, compositions and strength classes.

14. US 319:2003—Seismic code of practice for structural designs

Scope: This Code provides the basis for the design and construction of structures in seismic regions of Uganda. It also proposes operational rules for its application.

CHEMICALS AND ENVIRONMENT RELATED STANDARDS**15. US:126:2002—Specification for Toilet Paper**

Scope: This Uganda Standard specifies the requirements, methods of sampling and test for toilet paper, bathroom tissue and other related products supplied in rolls, reels and sheets.

16. US 433: 2002—Specification for Exercise books

Scope: This Uganda Standard prescribes the requirements and methods of test for exercise books generally used in schools.

17. US 434: 2002—Specification for Files and Folders

Scope: This Uganda Standard specifies the requirements for files and folders made of board. The standard applies to files and folders with or without back intended for housing papers of A4 or smaller sizes.

18. US 435: 2002—Duplicating papers- specification

Scope: This Uganda Standard specifies the requirements for duplicating papers. It applies to duplicating papers for stencil duplicators using emulsion or oil based inks.

19. US 436:2002—Specification for Stencil papers

Scope: This Uganda Standard specifies requirements for stencil papers.

20. US 488:2003—Ball Point pens for General Use - Specification

Scope: This Uganda Standard establishes minimum quality requirements for ball point pens (refillable or non-refillable) and refills for general use.

21. US 484:2003—Labelling of Cosmetic products - General requirements

Scope: This Uganda Standard specifies general requirements for the labelling of cosmetic products.

22. US 485:2003—Pomades and Brilliantines - Specification

Scope: This Uganda Standard prescribes requirements and methods of test for pomades and solid brilliantines for general use.

23. US 486:2003—Nail polish removers - Specification Part 1: Solvent Based

Scope: This Uganda Standard prescribes the requirements and methods of test for nail polish removers, solvent based.

24. US 487:2003—Hair Creams, Lotions and Gels - Specification

Scope: This Uganda Standard prescribes the requirements and methods of test for hair creams, lotions and gels.

25. US 488:2003—Skin powders - Specification Part 2: Baby powders

Scope: This Uganda Standard prescribes the requirements and methods of test for baby powders.

26. US 489: 2003—Formulated powder, Hair dyes, Aryl Di -amine based - Specification

Scope: This Uganda Standard prescribes requirements for formulate powder hair dyes, aryl di-amine based.

27. US 505:2003—Cologne -Specification

Scope: This Uganda Standard prescribes the requirements and methods of test for cologne. This standard shall cover cologne, as well as toilet waters, lavender waters and all alcohol-based fresheners.

28. US 506:2003—Chemical Depilatories- Specification

Scope: This Uganda Standard prescribes the requirements and methods of test for chemical depilatories.

29. US 507: 2003—Specification for Henna Powder

Scope: This Uganda Standard prescribes the requirements, sampling procedure and methods of test for pure henna powder.

MECHANICAL ENGINEERING AND METALLURGY STANDARDS**30. US 482-1:2003 - High-density polyethylene (PE-HD) pipes. Part 1, General quality requirements**

Scope: This Standard applies to straight round seamless pipes made of high-density polyethylene (HDPE). Individual requirements specified in this standard may be omitted or supplemented in technical delivery conditions relating to particular applications.

31. US 482-2:2003—High density polyethylene (PE-HD) pipes Part 2. Dimensions

Scope: This Standard applies to pipes made of high-density polyethylene (PE-HD). Pipes as specified in this standard shall meet the requirements given in US 482-1 / DIN 8075

ELECTROTECHNOLOGY STANDARDS**32. US 147:2003—Specification for solar photovoltaic systems. System design, installation, operation, monitoring and maintenance. Part I requirements for PV systems**

Scope: This Standard specifies the requirements for:

(a) the components for photovoltaic systems as optimised for the four system sizes based on 12 V d.c. envisaged in the national programme to provide solar power to individual homes.

(b) for installation requirements for such systems.

33. US4 81-1:2003—Primary batteries Part 1 : General

Scope: The purpose of this Part I of US 481 is to standardise primary batteries with respect to their electrochemical system, dimensions, nomenclature, terminal configurations, markings, test methods, typical performance, safety and environmental aspects.

34. US 481-2:2003—Primary batteries Part 2: Physical and electrical specifications

Scope: This part 2 of US 481 is applicable to primary batteries based on standardised Electro- chemical systems. It specifies- the physical dimensions the discharge test conditions and discharge performance requirements.

35. US 481-3:2003—Primary batteries Part 3: Watch batteries

Scope: This part of US 481 specifies dimensions, designation, and methods of tests and requirements for primary batteries for watches.

36. US 481-4:2003—Primary batteries. Part 4: Safety of lithium

Scope: This part 4 of US 481 specifies test and requirements for primary lithium batteries to ensure their safe operation for under normal use and reasonably foreseeable misuse.

37. US 481-5:2003—Primary batteries Part 5 Safety of batteries with aqueous electrolyte

Scope: This part 5 of US 481 specifies test and requirements for primary batteries with aqueous electrolyte to ensure their safe operation for under normal use and reasonably foreseeable misuse.

38. US 149-3:2003—Secondary cells and batteries for solar photovoltaic energy systems- Part 3. General requirements and methods of test for modified automotive batteries

Scope: This Uganda Standard gives general information relating to the requirements of the secondary batteries used in Photovoltaic (PV) solar energy systems and to the typical methods of test for the verification of battery performances.

APPROVED THIS 4th day of May, 2004.

DR. TERRY KAHUMA,
Secretary, National Standards Council.

PROF. EDWARD B. RUGUMAYO,
Minister of Tourism, Trade and Industry.

General Notice No. 224 of 2004.

THE ADVOCATES ACT.
NOTICE.

APPLICATION FOR A CERTIFICATE OF ELIGIBILITY.

IT IS HEREBY NOTIFIED that an application has been presented to the Law Council by Caroline Christine Kintu who is stated to be a holder of Bachelor of Laws of Makerere University having been awarded a Degree on the 15th day of January, 1999 and to have been awarded a Diploma in Legal Practice by the Law Development Centre on the 21st day of January, 2000 for the issue of a Certificate of Eligibility for entry of her name on the Roll of Advocates for Uganda.

Kampala, HELLEN OBURA (Mrs),
10th June, 2004. *Acting Secretary, Law Council.*

General Notice No. 225 of 2004.

THE COMPANIES ACT, 1964.
(Cap. 85).
NOTICE

PURSUANT TO section 343(3) of the Companies Act, Notice is hereby given that unless cause is shown to the contrary the name of the following company will be struck off the Register after the expiration of three months from the date of publication of this notice.

EQUATOR INTERNATIONAL SUPPLIES LIMITED

DATED at Kampala, this 11th day of June, 2004.

MAUDAH ATUZARIRWE,
Assistant Registrar of Companies.

General Notice No. 226 of 2004.

THE TRADE MARKS ACT.
(Cap. 83).
NOTICE.

NOTICE IS HEREBY GIVEN that any person who has grounds to oppose the registration of any of the marks advertised herein may within sixty days from the date of this *Gazette*, lodge a Notice of opposition on Trade Mark Form No. 6 together with a fee of Shs. 4000 in case of National applicants or US\$ 250 in case of Foreign applicants. The period of lodging Notice of

opposition may be extended in suitable cases by the Registrar as he thinks fit upon such terms as he may direct. Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant so that he may have an opportunity to withdraw his application before the expense of opposition proceedings is incurred. Failure to give such notice will be taken into account in considering any application by the opponent for an order for costs if the opposition is uncontested by the applicant. Representations of the marks herein advertised can be inspected at the office of the Registrar of Trade Marks, Crane Chambers, P.O. Box 6848, Kampala.
